

version number: 1 Revision: 06-06-2022

SECTION 1: Identification of the substance/mixture and company

1.1. Product identifier	Commercial name: Panelio Montage glue	
1.2. Relevant identified uses of the substance or mixture and uses advised against	No further relevant information available	
·1.3. Details of the supplier of the safety data sheet	Manufacturer/Supplier: Azzardo Sp. z o.o. 60-479 Poznań, ul. Strzeszyńska 33 VAT: 929-185-75-07 VAT UE: PL9291857507 Regon: 081176240 Sąd Rejonowy w Poznaniu, VIII Wydział Gospodarczy KRS KRS: 0000487708 Information section: biuro@lampy.it	
1.4. Emergency number:	European emergency number: 112 (24h)	
SECTION 2 : H	azards identification: Classification according to (EC) Regulation No. 1272/2008	
2.1. Classification of the substance or mixture	The product is not classified as hazardous according to CLP regulations	
2.2. Label elements	Label according to (EC) Regulation No. 1272/2008: Not applicable Hazards pictograms Not applicable Signal word Not applicable Hazards statements Not applicable Additional date: EUH208 Contains a mixture of 5-Chloro-2-Methyl-2H-Isothiazol-3-one [EC no. 2475007] and 2-Methyl-2H-Isothiazol-3-one [EC No. 220-239-6] (3:1). May cause an allergic reaction. EUH210 Safety data sheet available on request. Keep out of children reach.	
2.3. Other hazards	Results of PBT and vPvB assessment PBT : Not applicable vPvB : Not applicable	
SECTION 3 : Composit	ion/information on ingredients	
3.1. Chemical characteristics: Mixture	Description: Dispersion of acrylic copolymer in water, rheology modifying agents, inorganic fillers. Hazardous ingredients: Not applicable	
SECTION 4	: First aid measures	
	Inhalation:	

4.1. Description of first aid measures	Inhalation: Supply fresh air; consult doctor in case of symptoms. Skin contact: Wash off with plenty of water or soap and water. In case of skin irritation consult a doctor (show the label). Eye contact: Rinse eyes with open eyelids for several minutes under running water. Seek medical advice if symptoms persist.
	(continuation on page 2)

commercial name: Panelio Montage glue

version number: 1 Revision: 06-06-2022

	(continuation from page 1) Swallowing: For persistent discomfort consult a doctor. Information for doctor: -
4.2. Most important symptoms and effects, both acute and delayed	No further relevant information available.
4.3. Indication of any immediate medical attention and special treatment needed	No further relevant information available.

SECTION 5: Fire-fighting measures

5.1. Extinguishing media	Suitable extinguishing media: Carbon dioxide. Water. Foam
5.2. Special hazards arising from the substance or mixture	During fire, the following can be released: Carbon monoxide (CO). Carbon dioxide (CO2).
5.3. Information for fire-fighters	Special protective equipment : Wear respiratory protective equipment.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures	Product forms a slip layer with the water .
6.2. Environmental precautions:	Do not allow to enter drains / surface water / groundwater.
6.3. Methods and material for containment and cleaning up:	Absorb with liquid-binding material (sand, diatomaceous earth, acid binder, universal binder, sawdust). Dispose of material collected according to regulations. Clean the accident site thoroughly; suitable: Warm water and detergent.
6.4. Reference to other sections	No hazardous materials are produced.

SECTION 7: Handling and storage

7.1. Precautions for safe storage	Handling: No special measures required. Advice on protection against fire and explosion: No special measures required
7.2. Conditions for safe storage, including any incompatibilities:	Storing: Requirements for storage rooms and containers: No special requirements. Advice on common storage: Not required. Further information about storage conditions: Store in cool place. Protect from frost. Store at temperature from 5°C to 30°C.
7.3. Specific end use(uses	No further relevant information available

Material Safety Data Sheet

According to 1907/2006/EC, Article 31

commercial name: Panelio Montage glue

version number: 1 Revision: 06-06-2022

SECTION 8: Control parameters/personal protective measures

Additional advice on te	chnical device performance: No further data, see Section 7
8.1. Control parameters	Ingredients with limit values which require monitoring at the workplace: The product does not contain significant quantities of materials which limit values would have to be controlled for the workplace conditions
8.2. Exposure control	Personal protective equipment: General protection and hygiene measures: Usual precautions for handling chemicals should be observed. Avoid contact with eyes and skin. Remove contaminated, soaked clothing immediately. Respiratory protection: Not required. Hand protection: Rubber gloves. EN 374 Material of gloves: The selection of the suitable gloves does not only depend on the material, but also on other quality features and varies depending on the manufacturer. As the product is a preparation of several substances, the resistance of the glove material cannot be calculated in advance and has therefore to be checked prior to the application. Rubber gloves. Glove material penetration time The exact penetration time should be obtained from the glove manufacturer and observed. Eye protection: Safety glasses

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties	General data		
	Appearance:	Form: Paste Colour: White	
	Odour:	Weak, characteristic	
	pH value at 20 °C:	6,5 - 8,0	
	Change of state		
	Melting temperature/ melting range:	Not specified	
	Boiling point/boiling range:	100 °C	
	Flash point:	Not applicable	
	Auto-ignition temperature:	Product not auto-igniting	
	Explosive properties:	Product is not explosive	
	Density at 23 °C:	1, 4 ± 0,1 g/cm3	
	Solubility in / miscibility with water	Fully miscible	
0.2. Other information	No further relevant information available		

commercial name: Panelio Montage glue

version number: 1 Revision: 06-06-2022

SECTION 10: Stability and reactivity

10.1. Reactivity	No further relevant information available.
10.2. Chemical stability	Thermal decomposition/ conditions to avoid: No composition when used as intended
10.3. Possibility of hazardous reactions	No dangerous reactions known.
10.4. Conditions to avoid	No further relevant information available.
10.5. Incompatible materials	No further relevant information available.
10.6. Hazardous decomposition products	Hazardous decomposition products not known.

SECTION 11: Toxicological information

	Acute toxicology	Based on available data, the classification criteria not met.	
11.1. Information on toxicological effects	Primary irritant	Primary irritant effect: Effect Grade Method:	
	Skin caustic/irritation effect	Prolonged contact may cause skin irritation.	
	Serious eye damage/irritation	Based on available data, the classification criteria not met.	
	Respiratory or skin sensitisation	Based on available data, the classification criteria not met.	
	Germ cell mutagenicity	Based on available data, the classification criteria not met.	
	Carcinogenicity	Based on available data, the classification criteria not met.	
	Reproductive toxicity	Based on available data, the classification criteria not met.	
	Target organ toxicity - single exposure	Based on available data, the classification criteria not met.	
	Target organ toxicity - repeated exposure	Based on available data, the classification criteria not met.	
	Aspiration hazards	Based on available data, the classification criteria not met.	

SECTION 12: Ecological information

12.1. Toxicity	Water toxicity: No further relevant information available.		
12.2. Persistence and degradability	No further relevant information available.		
Behaviour in environmental areas			
12.3. Bioaccumulative potential	Does not accumulate in living organisms.		
12.4. Mobility in soil	No further relevant information available.		
Further ecological information			
General advice:	Do not allow undiluted or large quantities to reach ground water, surface water or sewage system.		
12.5. Results of PBT and vPvB assessment	PBT: Not applicable. vPvB: Not applicable.		
12.6. Other adverse effects	No further relevant information available.		

commercial name: Panelio Montage glue

version number: 1 Revision: 06-06-2022

SECTION 13: Disposal considerations

13.1. Waste treatment methods	Recommendations:	Must not be treated together with household waste. Do not allow to enter the sewage system. Do not allow to enter surface water / groundwater. Assignment of the waste catalogue code depends on the branch of industry in which the user operates and the agreement made by the waste generator with the relevant environmental protection department. Dispose of in accordance with applicable regulations	
	Eur	opean Waste Catalogue	
	15 01 02	Plastic packaging	
	Unclean packaging:		
	Recommendations:	Dispose of in accordance with local regulations (see Section 15.).	
	Recommended cleaning agent:	Water, with cleaning agent, if necessary.	
SECTION 14: Transport information			
14.1. UN Number ADR, IMDG, IATA	Product not classified as hazardous		
14.2. UN proper shipping name ADR, IMDG, IATA	Product not classified as hazardous		
14.3. Transport hazard class (classes) ADR, IMDG, IATA Class	Product not classified as hazardous		
14.4. Packaging group ADR, IMDG, IATA	Product not classified as hazardous		
14.5. Environmental hazards: Marine pollutant:	No		
14.6. Special precautions for users	Not applicable		
14.7. Maritime transport in bulk according to Annex II to MARPOL 73/78 Convention and IBC Code	Not applicable		
Transport/ further information:	Product was not classified as hazardous according to ADR/RID transport regulations		

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Individual country regulations:

- a) Act of 25 February 2011 on chemical substances and their mixtures, Journal of Laws No. 63, item 322 (consolidate text of Journal of Laws of 2018, item 143, as amended).
- b) Regulation of the Minister of Health of 10 August 2012 on criteria and methods of classification of chemical substances, Journal of Laws No. 0, item 1018 (consolidated text of Journal of Laws of 2015, item 208, as amended).
- c) Regulation of the Minister of Economy of 21 December 2005 on basic requirements for personal protection measures, Journal of Laws of 2005 No. 259, item 2173.

(continuation on page 6)

Material Safety Data Sheet

According to 1907/2006/EC, Article 31

commercial name: Panelio Montage glue

version number: 1 Revision: 06-06-2022

(continuation from page 5)

- d) Regulation of the Minister of Health of 20 April 2012 on labelling hazardous substances and mixtures and some mixtures, Journal of Laws of 2012 No. O, item 445 (consolidated text of Journal of Laws of 2015, item 450, as amended).
- e) Regulation of the Minister of Environment of 18 November 2014 on conditions to be met when discharging waste water into waters or onto the ground, and on substances that are particularly harmful to the aquatic environment, Journal of Laws of 2014, item 1800, as amended.
- f) Regulation of the Minister of Health of 2 February 2011 on tests and measurements of factors harmful to health in the work environment, Journal of Laws No. 33, item 166.
- g) Government Declaration of 23 March 2011 on the entry into force of the amendments to Annexes A and B of the European Agreement concerning the international carriage of dangerous goods by road (ADR), drawn up at Geneva on 30 September 1957, Journal of Laws No. 110, item 641.
- h) Act on waste Journal of Laws of 2013, item 21 (i.e. Journal of Laws of 2018, item 21, as amended).
- i) Act of 13 June 2013 on the management of packaging and packaging waste (Journal of Laws of 2013 No. 0, item 888).
- j) Directive 2008/98/EC of the European Parliament and of the Council of 19 November 2008 on waste and repealing certain Directives, as amended.
- k) Regulation of the Minister of Family, Labour and Social Policy of 12 June 2018 on the maximum permissible concentrations and intensities of harmful factors for health in the working environment, Journal of Laws of 2018, item 1286.
- c) Regulation of the Minister of Economy of 21 December 2005 on basic requirements for personal protection measures, Journal of Laws No. 259, item 2173.
- m) Regulation (EC) No. 1907/2006 on Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No. 793/93 and No. 1488/94 as well as Council Directive 76/769/EEC and Commission Directive 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, as amended.
- n) Regulation (EC) No. 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No. 1907/2006, as amended.
- o) Regulation of the Minister of Environment of 9 December 2014 on waste catalogue, Journal of Laws of 2014, item 1923, as amended.

Other regulations, restrictions and prohibitive provisions	
Substances of Very High Concern (SVHC) according to REACH, Article 57	None of the ingredients are listed.
Chemical safety assessment:	Chemical safety assessment has not been carried out.

SECTION 16: Other information

Recommended limitation use of	See relevant product technical sheet.
Abbreviations and acronyms:	ADR: Accord européen sur le transport des marchandises dangereuses par Route (European agreement concerning the international carriage of dangerous goods by road) IMDG: International Maritime Code for Dangerous Goods IATA: International Air Transport Association GHS: Globally Harmonized System of Classification and Labelling of Chemicals EINECS: European Inventory of Existing Commercial Chemical Substances ELINCS: European List of Notified Chemical Substances CAS: Chemical Abstracts Service (division of the American Chemical Society) PBT: Persistent, Bioaccumulative and Toxic SVHC: Substances of Very High Concern vPvB: very Persistent and very Bioaccumulative
